Penalise Indonesia, Najib urged

PETALING JAYA: Penalise Indonesia for the current haze situation and Barisan Nasional may regain the support it has lost over the last seven years.

“If there is one thing that Prime Minister Datuk Seri Najib Abdul Razak can do to bring Malaysians together to support him, it is to successfully penalise the country that has given us respiratory problems for the last 18 years,” a local news portal quoted Kempas assemblyman Datuk Tengku Putra Haron Aminurrashid Jumat as saying.

Tengku Putra said this was especially so as Malaysia is the current Asean chair.

“Malaysia is the worst-hit among the four affected nations and being chair of Asean, it is imperative that we use all resources to implore our allies to impose an effective sanction to train this perpetrator nation on how to be a good neighbour.

“Let this move be the last but most memorable act in his capacity as chairperson of Asean for 2015,” he was quoted as saying.
