Commuters eagerly **grabbing the opportunity to take a selfie with Prime Minister Datuk Seri Najib Razak** at a light rail transit station in Kuala Lumpur yesterday. Najib made a **surprise walk-about**, the first for this year, by joining city folk on Kuala Lumpurs transit system, riding the LRT from the Putra World Trade Centre to KL Sentral. The prime minister tweeted about the experience, **saying he wanted to see first-hand the public transport system.** 'I took the LRT today and saw how many have chosen to commute using public transportation. Good!' he tweeted. In his 2015 Budget speech, Najib had announced that the government would allocate RM9 billion for a third LRT line, and RM23 billion for the construction of the 56km second mass rapid transit line from Selayang to Putrajaya.
