PETALING JAYA: Sabah U/no deputy chief Datuk Seri Dr Salleh Said Keruak has accused Tun Dr Mahathir Mohamad of not willing to accept any explanation on the Malaysia Development Bhd issue.

He daimed that the former prime miriister merely wanted Datuk Seri Najib Tun Razak to step down as Prime Minister.

"Dr Mahathir has so many suspicions and questions but when answers are given, he rejects them and calls them Ues," said SaUeh, who is also Sabah state assembly speaker in a blog posting.

"So what more then does he expect? When you do not reply he impUes something is wrong but when you reply he calls them Ues.

"The only thing that can satisfy Dr Mahathir is Najib's resignation. Anything short of that is not acceptable."

SaUeh said Dr Mahathir should lodge reports with the poUce and Malaysian Anti-Corruption Commission about what he knew on the wrongdoings at IMDB.

"He can also hand in aU the evidence that he has. It is time that Dr Mahathir stopped asking questions and instead give us the answers to those questions since only his answers are acceptable and everyone else's are not.

"And he can give the poUce and MACC those answers to help them in their investigation," he added.
