TRIBUTE TO THE NATION'S TEACHERS

PRIME MINISTER DATUK SERI NAJIB RAZAK

N64-16/5/2015

EVERY year, we celebrate Teachers' Day on May 16 in appreciation of the contributions and sacrifices of teachers in educating us.

I still remember when I was in school, my teachers at the time were quite stern when teaching. However, there was love in their strictness.

Teachers are willing to go through difficulties and exhaustion only because they want the very best for us.

Alhamdulillah, I am where I am now thanks to their tireless efforts in educating me.

Now, even though there have been changes in the curriculum as well as teaching techniques, the noble role of teachers continue to be the foundation towards ensuring current and future generations excel and are capable of continuing the struggle to lead the nation.

The contributions of teachers will not be forgotten, and I, together with all Malaysians, would like to say "Thank You, Teachers", and "Happy Teachers' Day"!
