Malaysiakini - Lim Huey Teng

Former prime minister Dr Mahathir Mohamed said he may be arrested under the National Security Council Act (NSC) if he does not stop lobbying for his successor Najib Abdul Razak's resignation.

He said this is the alternative to what could happen if a **referendum** is not called to settle the issue of Najib's popularity and the scandals surrounding him.

"The alternative is to wait for the National Security Council Act to be signed by the Agong or to wait for one month if he doesn't, when the Act would be enforceable.

"Then Najib can arrest and detain without trial this pesky ex-prime minister. I am getting messages that this is what awaits me if I don't cease and desist, (if) I don't tone down," he said in a blog post yesterday.
