PUTRAJAYA: Prime Minister Datuk Seri Najib Razak received a farewell visit from Royal Malaysian Air Force (RMAF) chief General Tan Sri Roslan Saad at Perdana Putra here yesterday.

Roslan will start his leave and transition training tomorrow before retiring on May 27. Roslan's replacement will be announced at the end of the month.

After the 20-minute meeting with Najib, Roslan said the prime minister had raised a number of matters about RMAF.

"The prime minister also asked me to take care of myself, and I thanked him for giving me the privilege and confidence to helm RMAF.

"I have worked hard at every task given to me. The prime minister wants the best for RMAF and I thanked him for his concern."

Roslan, 58, from Alor Gajah, Malacca, was appointed RMAF chief on Sept 12, 2014.

He was accredited as a pilot officer on Nov 11, 1975. In February 1977, he graduated from basic flight training and served with the No. 1 and No. 2 Squadron at the Kuala Lumpur RMAF base.

Roslan commanded the Subang RMAF base and was made brigadier general in 2007.

He was appointed deputy RMAF chief in November 2010. Bernama
