**KANGAR:** Umno leaders hit back at Tun Dr Mahathir Mohamad for his attacks against the party and called for investigations into the source of his wealth.

Party vice-president Datuk Seri Hishammuddin Hussein said he agreed with calls for Dr Mahathir to be investigated just as the former premier had called for probes to be carried out on certain government leaders.

Hishammuddin said that he had a good and strong rapport with both Datuk Seri Najib Tun Razak and Datuk Seri Dr Ahmad Zahid Hamidi.

"We will not allow the Opposition to cause discord among us," Bernama reported him as saying after he opened the

Kangar Umno division delegates conference.

Also present was Kangar Umno division chief Datuk Seri Azlan Man, who is also Perlis Menteri Besar.

Hishammuddin also advised other Umno leaders not to respond to political attacks by the Opposition.

However, he added that sometimes silence was not an option and they must answer.

In Padang Rengas, party supreme council member Datuk Seri Nazri Aziz said it was only fair for Dr Mahathir to face the same scrutiny over his wealth.

He pointed out that Dr Ahmad Zahid had expressed willingness to be investigated by the MACC.
