## Don't point fingers, Dr M tells IGP *The Sun - 23/8/2017 Pg. 2*

**PETALING JAYA:** Call the organisers in for questioning, but do not accuse or blame them for what happened at the "Nothing to Hide 2.0" forum, Tun Dr Mahathir Mohamad told Inspector-General of Police (IGP) Tan Sri Khalid Abu Bakar.

The former premier said it was unfair for the police chief to imply that the event organisers were guilty of not complying with police conditions, and said police

should first hear their side of the story.

"The police are free to question the organisers, but the IGP should not use threatening language against them. If the police have suspicions that the organisers are involved in wrongdoings, they can be called in for questioning."

The ruckus was captured on video and it can be used to identify the perpetrators and show what they did, he said.

On Aug 16, Khalid said the organisers were responsible for the safety of those attending the Aug 13 event, and that they should have screened the participants before letting them into the hall.

Mahathir, who is Parti Pribumi Bersatu Malaysia chairman, also dismissed speculation that it was the party's Youth wing, Armada, which was behind the fracas. - by **Amar Shah Mohsen**
