Someone in power do not want debate

The former premier believes there could be hidden hands in preventing the debate.

“Maybe there is someone who is afraid and this person is in power. The police officer who made the directive is just a junior officer.

“It also happened in the 'Nothing to hide' forum (where Najib was supposed to attend). If you did nothing wrong, what is there to fear? We are a democratic country,” he said.

Mahathir also opined that the reports made by the public are purposely made, for police to take action.

The former premier also questioned why Nazri had discouraged Umno members to attend the debate.

“The fact is that they do not want Umno people to hear about 1MDB and the wrongdoing. Umno people will not hear. He (Nazri) is afraid for his boss as it would expose the wrongdoing of his boss and there will be censorship,” he added.

“I am ready for a debate, not to go there merely to meet Nazri,” he reiterated again.
