

# Varsity celebrates peace at cultural fest

**CYBERJAYA:** People from 58 countries united in a celebration of cultures and peace at Limkokwing University of Creative Technology here.

In keeping with its theme “peace is possible”, Malaysia’s International Cultural Festival 2019 proudly showcased booths of different cultures and performances by the university’s alumni, students and partners.

The annual event took place at its plaza from 11am until midnight yesterday.

Limkokwing University branding, creativity and talent development vice-president Datuk Tiffanee Marie Lim said the word “peace” was very close to the hearts and minds of the community at the university.

“In times when we see conflicts erupting in many parts of the world, devastating fires in Amazon and Borneo, it is empowering to have peace and unity as the backbone of the festival,” she said.

The Prime Minister’s wife Tun Dr Siti Hasmah Mohd Ali officiated the event. Also present was the university’s president and founder Tan Sri Lim Kok Wing.
