We'll develop Kelantan if we win: Anwar

MACHANG: The unity government is determined to develop Kelantan should its parties' candidates win the Aug 12 state election.

Prime Minister Datuk Seri Anwar Ibrahim said cooperation between the federal and state governments was very important to ensure that the well-being of the people is protected.

"This is the time for the people to rise, believe in and be confident of the results of the work done by the unity government.

"I ask the people of Kelantan to understand, and help save Kelantan and Malaysia because this is our opportunity to think of the plight of the Malays, take care of rural folk and urban poor as well as the development in this state."

Anwar was speaking at the launch of the unity machinery near Bukit Tiu in Kelantan during the Madani Unity Tour on Sunday. Also present was Barisan Nasional (BN) chairman Datuk Seri Dr Ahmad Zahid Hamidi.

Ahmad Zahid, who is also Umno president, urged the people of Kelantan to grant a chance to parties that helped form the unity government to govern the state.

"All the candidates must work hard and we ask the people of Kelantan to allow candidates representing Pakatan Harapan and BN to win the state polls this time and take over the state leadership from PAS after 33 years.

"If we win, we will be fair to everyone. We will give priority to those in need." - Bernama
