

# Malaysia secures RM63b in US investments

During his stay, the prime minister met technology giants such as Google, Enovix Cooperation, Microsoft and TikTok. He and the trade and investment mission to the United States, led by Investment, Trade and Industry Minister Tengku Datuk Seri Zafrul Aziz, secured a total of RM63.02 billion in investments.

The investments from trade missions are from Abbott

Laboratories, Mondelez International, Amsted Rail, Hematogenix, PerkinElmer, Ford Motor Company, Boeing, Amazon Web Services, Enovix and Lam Research.

On the meeting with Dina Ercilia Boluarte Zegarra, Anwar said the Peruvian president requested Malaysia to consider opening an office in Peru to help facilitate *halal* certification of Peruvian products, as

Malaysia's *halal* certification is recognised worldwide.

"I have agreed to facilitate Peru's request as soon as possible," he said.

As for the meeting with Canadian Prime Minister Justin Trudeau, Anwar said besides the topic of bilateral trade and investment, both leaders also exchanged views on the issue of Palestine. They agreed that the current conflict should serve as a wake-up call for the international community on

the need to end Israeli occupation based on the two-state solution.

The US and Malaysia are among the 12 founding members of Apec. The others are Australia, Brunei, Canada, Indonesia, Japan, South Korea, New Zealand, the Philippines, Singapore and Thailand.

Apec is home to some three billion people and represents about 62% of the world's gross domestic product and 48% of world trade in 2021
