

## FACEBOOK POSTING

# NAJIB TICKS OFF DR MAHATHIR

Latter's arch-nemesis tells him to stop bringing up 3R issues in Johor

## KUALA LUMPUR

**T**UN Dr Mahathir Mohamad has been told to stop making inflammatory statements that touch on 3R (race, religion and royalty) issues and incite disharmony among the people.

The rebuke was issued by none other than his arch-nemesis Datuk Seri Najib Razak, who is also no stranger to being called all sorts of names by the 98-year-old two-time former prime minister.

Najib, in his latest Facebook posting, did not hold back in chastising Dr Mahathir.

He reminded Dr Mahathir that

Malaysians were living harmoniously with mutual respect among the different races which was evident nationwide.

Citing the recent National Day celebrations as proof of racial unity, Najib said people were now looking forward to celebrating Malaysia Day on Sept 16.

Taking a jab at Dr Mahathir by referring to the nonagenarian as *Atok* (grandpa), Najib said the Kedah-born politician had embarked on a campaign in Johor and was bent on sowing communal discord in the southern state.

"While the people are looking forward to celebrating Malaysia Day, *Atok* is now keeping busy trying to break up the people in

Johor by inciting them.

"Even at his advanced age, he still enjoys seeing people being torn apart and fighting each other.

"He is now going as far as Johor to play up the 3R issues," he said, adding that it was becoming increasingly obvious that Dr Mahathir was dedicating all his time to causing a rift among the people.

He said Dr Mahathir had become known as a man with a twisted tongue, who would use different narratives to suit his purposes.

"All he is doing for breakfast, lunch and dinner is to cause a split among the people and see them fight each other.

"When he was the prime minister too, he used to say one thing only to do something else.

"We live in 1Malaysia and we are 1Malaysia. Bangsa Johor will remain as Bangsa Johor and it is

not going to be easy for *Atok* to convince them with his poison," he said.

Najib ended his posting by calling on Dr Mahathir to stop what he was doing: "Give it a rest for the moment, *Atok*. You should find something new to sell if you want to do politicking in Johor."

Najib's posting came in the wake of Dr Mahathir's statement that he would not back out of raising the 3R issues despite the many reports that had been lodged against him.

Deputy Inspector-General of Police Datuk Seri Ayob Khan Mydin Pitchay had said on Monday that several investigation papers would be submitted to the Attorney-General's Chambers for action against Dr Mahathir following inflammatory statements made by the latter that touched on the 3R issues.
