Power is trust, Anwar reminds PKR on party's 25th anniversary

KUALA LUMPUR: Power is a trust and not a privilege, said Prime Minister Datuk Seri Anwar Ibrahim.

Anwar, who is PKR president, said the party was founded on a strong spirit of "islah" (reform), which is an effort to put something in a better position.

"So the rights and welfare of the people must be foremost in form-

ing government policies.

"The duties and responsibilities that are shouldered today are trusts that we must carry out to bring about change."

Anwar said this in a post on PKR's Facebook account yesterday.

He then wished a "happy 25th anniversary" to party members and leaders. **Bernama**
