PM holds budget session with electrical industry players

KULIM: Prime Minister Datuk Seri Anwar Ibrahim yesterday held a Budget 2025 engagement with electrical and electronics (E&E) industry players at SilTerra Malaysia plant here to get feedback from the industry and stakeholders.

The feedback received in the closed dialogue is expected to cover policies, incentives, programmes, implementation and challenges before they are brought back to be studied at the Finance Ministry level for adoption in *Madani* Budget 2025.

More than 70 E&E industry players from 52 companies based in Kedah, Penang and Perak attended the engagement session with Investment, Trade and Industry Minister Tengku Datuk Seri Zafrul Tengku Abdul Aziz and Kedah Menteri Besar Datuk Seri Muhammad Sanusi Md Nor.

Previously, Communications Minister Fahmi Fadzil said Anwar, who is also the finance minister, had instructed all ministers to hold a *Madani* Budget 2025 dialogue session with their

respective ministries and all stakeholders in the sectors involved.

Budget 2025, which is the third budget under the unity government, will be presented on Oct 18 in Dewan Rakyat.

Earlier, the prime minister insisted that Budget 2025 will continue to focus on benchmarking aspects targeted within the framework of the *Madani* Economy including enabling Malaysia to become a major economy in Southeast Asia. - Bernama
