## Cheap sale programme to be expanded

**IPOH:** Prime Minister Datuk Seri Anwar Ibrahim said the *Khidmat Demi Rakyat* cheap sales programme will be continued and expanded nationwide to help reduce the people's cost of living.

Speaking briefly during a visit to the sales programme at Klebang Restu public field here yesterday, Anwar said he was concerned about the people's grievances about the rising cost of goods and services.

"We have taken various steps following the rise in cost of living. Although we have raised the amount of the *Rahmah* cash aid, it is still insufficient if prices of goods go up.

"We will increase, expand and have more frequent cheap sales, particularly for necessities like fish, chicken, rice and so on." - Bernama
