PM extends aid to chronic diabetes patient

KUALA LUMPUR: Prime Minister Datuk Seri Anwar Ibrahim has donated cash and food baskets to a chronic diabetes patient struggling to raise his three children.

His political secretary, Datuk Ahmad Farhan Fauzi, presented the contributions to Luthfi Hasyim, a shopkeeper aged 50, at his home in Indera Mahkota 2, Kuantan, Pahang, yesterday.

“He has chronic diabetes, which led to the amputation of one of his legs. Despite this hardship, he remains strong and continues to fulfil his responsibility as the head of the family,” Ahmad Farhan said in a Facebook post that Anwar shared yesterday.

In the Bernama report, Ahmad Farhan said Luthfi’s resilience reminds us that people can remain steadfast for their beloved family despite life’s harshest trials.
