

## REVIEW OF INVESTMENTS

# ‘PNB must prioritise Bumi, national interests’

**KUALA LUMPUR:** Permodalan Nasional Bhd (PNB) should prioritise national and Bumiputera interests in all decisions, including its review of investments in Projek Lintasan Kota Holdings Sdn Bhd (Prolintas), Prime Minister Datuk Seri Anwar Ibrahim said.

“As an institution entrusted with safeguarding national and

Bumiputera interests, PNB must maintain its role and holdings in the nation’s strategic assets.

“As such, I urge PNB to place national and Bumiputera interests as the primary consideration in any decision-making.

“This review should not proceed if it undermines the long-term benefits of unit holders or neg-

atively affects PNB’s efforts to contribute to the people’s well-being and the nation’s development.”

A Malay daily reported that PNB is conducting a strategic review of its investment in Prolintas as part of its regular portfolio evaluation.

PNB said the initiative aims to identify opportunities to enhance long-term value for unit holders.
