

# 'Stability delivers results'

PM says stronger economy and global ties are benefiting M'sians

**KUALA LUMPUR:** Prime Minister Datuk Seri Anwar Ibrahim says the government's achievements now are the result of policy stability, the courage to implement reforms and the trust of the people.

He said that domestically, the economy continues to strengthen through quality investments, job creations and an inclusive growth agenda.

"In fact, at the international level, the relationship between governments, various countries and groups of leaders, opens up space for strategic investment and strengthens Malaysia's position in the eyes of the world," he said in a social media post yesterday.

Anwar said all these achievements are not just numbers and statistics.

"They are translated into tangible benefits for the people, from family well-being, new economic

"I believe the Madani government will continue to move forward."

opportunities to a more resilient future.

"With the strong support of family, friends and the Malaysian people, I believe the Madani government will continue to move forward, serve with trust and build a fair, prosperous and competitive country for all," he said in the post.
