

Dear Prime Minister,

A year & two yrs. ago you came along like a breath of fresh spring breeze. Since then, this beloved land has been glowing with the shimmerings of an autumnal gold.

You have instilled a sense of pride in our being Malaysians. You have put our country on the world map as Malaysia takes its rightful pride of place in the global community. You have guided this fabulous land of plenty towards realising the vision of an industrialised & developed nation.

It was sheer brilliance, Sir.

You have had a marvellous innings and history will, I have no doubt, remember you fondly.

Now, as the long day wanes and you take a well-earned rest, Zuraikan & I pray that Allah SWT will keep you & your family His divine blessings. Amin.

Jessima Kasih, Tuan.

Hormat takzim
