BANDA ACEH, Thurs. — A tsunami victim from Desa Rabo, Pulau Nasi, near here, had a pleasant surprise when the doctor who was attending to his injured cheek was none other than former Prime Minister Tun Dr Mahathir Mohamad.

Dr Mahathir, who was visiting the Posko Pengungsi Seunaboh medical camp run by Aman Malaysia, assisted Aman Malaysia volunteer Dr Mohamed Kassim in treating Maulidin Pakeh, 23.

Dr Mahathir removed a mangrove splinter which had been embedded in Maulidin's right cheek for more than a month, before the wound was treated by Dr Mohamed.

Earlier, Dr Mahathir and his wife, Tun Dr Siti Hasmah Mohd Ali, and their son, Aman Malaysia co-ordinator Datuk Mukhriz Mahathir, who were on a three-day visit to the disaster-struck region, visited a school that had received relief aid from Aman Malaysia.

Dr Mahathir and Dr Siti Hasmah also donated 400 sets of prayer garments and 400 sarongs for those staying at the Posko camp. — Bernama
