SHAH ALAM, July 28 (Bernama) -- Menteri Besar Tan Sri Abdul Khalid Ibrahim has defended the "My Selangor" slogan launched by the state government on Sunday, saying that the campaign is not a rhetorical exercise but an effort to rally the people to do their part for the state's development.

He explained that the campaign was a continuation of previous campaigns launched by the PKR state government.

"Through this slogan, we want to rally the people of Selangor to be together and to defend the efforts of the state government to help youths obtain jobs and ensure sufficient housing for the people," he said.

He was speaking to reporters after attending the Selangor civil service monthly gathering here Thursday.

Selangor Umno deputy liaison chief Datuk Seri Noh Omar has brushed off the "My Selangor" slogan, saying it was just a "cosmetic change" by the PKR government to cover up its weaknesses.
