BAGAN DATOH, Dec 31 — Defence Minister Datuk Seri Ahmad Zahid Hamidi today repeated his invitation to Petaling Jaya Utara MP Tony Pua to meet him and present evidence on Pua's claims relating to the government's purchase of naval vessels.

"Don't just speak behind our backs, come see me and present the evidence for discussions," Zahid was quoted by Bernama as saying.

"If it's with good intentions, welcome, but if it's to seek trouble, I'll not entertain," he said.

Pua had claimed that the price of the six second-generation patrol vessels had increased by several billion ringgit as soon as the tender to build them were awarded to Boustead Naval Shipyard.

"When I invite to meet anytime, present the facts on defence issues, don't make statements in the media and make all kinds of accusations," Zahid was quoted as saying.
