KUALA LUMPUR, Dec 23 (Bernama) -- Bumiputera contractors should appreciate opportunities provided to them by the government by doing their best, Deputy Minister in the Prime Minister's Department Datuk Ahmad Maslan said.

He said that to continue to gain the government's trust, bumiputera contractors should adopt the CAJ (Cari, Ambil and Jaga or Find, Take and Care) formula.

"Contractors should look for opportunities and not give up. When the opportunity comes, they should grab it.

"And then, they have to take care of it so that the government will continue to trust them (with projects)," he said at the Bumiputera Contractors Convention dinner here Friday night.

Ahmad said bumiputera contractors should do their best when they were given projects. "They have to be ambitious. They should think big, but start small. We start as Class F contractors, but we have to aim to be Class A contractors," he added.

About 200 participants attended the two day convention which began today.
