KUANTAN, Aug 26 (Bernama) -- Indera Mahkota Umno Youth today lodged a police report against Kuantan member of parliament Fuziah Salleh for spreading lies on the construction of a rare earth processing plant by Lynas Corporation Ltd in Gebeng here.

The report was made by Indera Mahkota Umno Youth chief Suhaimi Sulong at the Kuantan district police headquarters, here, at about 4pm.

Suhaimi when approached by reporters said Fuziah was still continuing with her allegations against the plant in her series of talks here.

"Her action has to be stopped as it can create tension among the people.

"The Parti Keadilan Rakyat MP has already caused uneasiness among residents over the safety level of the plant with her claims based on erroneous facts," he said.

The building of the plant became controversial when some quarters protested against the project, claiming that the plant could cause radiation levels that would be hazardous to their health.

However, the International Atomic Energy Agency recently decided that the plant was safe but the Australian company needed to make some improvements before its operations could begin.

"What the member of parliament (Fuziah) does is making untruthful statements to divert public attention from the efforts carried out by the Barisan Nasional government in the interest of the people," said Suhaimi.
