KUCHING, Sept 28 (Bernama) -- The departments and agencies under the Information, Communications and Culture Ministry play a big role in conveying information and accurate historical facts to the people so that they will not forget the country's history, said Sarawak Minister of Public Utilities Datuk Amar Awang Tengah Ali Hassan.

He said the information can be conveyed through dramas, features on radio, television, media, exhibitions and literature to clarify exactly what had happened before and after independence.

"This is important because we are afraid that one day, our own people will not know the facts and history of the country," he said in his speech at an Aidilfitri open house hosted by the Sarawak National Film Department here.

The text of his speech was read out by Assistant Minister in the Chief Minister's Office, Datuk Naroden Majais.
