KUALA LUMPUR, Oct 7 (Bernama) -- MMC Corporation Bhd Group Managing Director Datuk Hasni Harun said the 2012 Budget tabled by Prime Minister Datuk Seri Najib Tun Razak demonstrates the government's commitment towards strengthening the economy and enhancing the well-being of the people.

In a statement today, he said the higher allocation of RM29.8 billion for the economic sector to support the needs of infrastructure will raise the level of construction activities and provide more business opportunities.

Meanwhile, Holcim Malaysia Sdn Bhd Chief Executive Officer Mahanama Ralapanawa welcomes the government's commitment to accelerate the development of the five regional corridors and to boost rural infrastructure.

"We anticipate that this will result in Malaysia's continued prosperity and stability in a difficult global economic climate and will attract further international investment and business in Malaysia," he said in a statement.

Ralapanawa also applauds the government's decision to implement the build and sell policy, as it will result in consolidation among developers and will induce a focus on quality construction and finishing.
