KUALA NERANG, Oct 16 — Thirty-five members of PAS from the Kampung Baru Lembah branch in Padang Sanai here have quit the party to join Umno, Bernama Online reported today.

Deputy head of the Padang Terap Umno Division, Datuk Ghazali Ibrahim, told the news portal that 65 new party applications have been received in Kampung Baru Padang Chendering, Padang Sanai recently. The applications included 35 from former PAS members.

Ghazali said the move proved party members were losing confidence in PAS' struggle to safeguard their welfare.

One of the reasons cited by the former party members was that PAS had not fulfilled their expectations and promises, he added.
