

Have faith in govt, BN members told
New Straits Times
January 16, 2012

BEAUFORT: Barisan Nasional members must be united and put their trust in the present leadership.

With talk of the coming general election, Bongawan assemblyman Datuk Karim Bujang reminded members that their faith and loyalty would be put to the test.

"There will be offers for party generals to stand as candidates, promises in many forms, including monetary rewards, gimmicks and many more incredible offers.

"We have to be wary of the opposition's tactics. Do not be confused or even enticed by their lies.

"We have seen this happen before and we will see it happening again.

"It does not matter though because it is our sincerity to the struggles of the coalition that matters most," said Karim, who represented Foreign Minister Datuk Seri Anifah Aman during the closing of the Kimanis 1Malaysia Transformation Seminar for BN component members.
