PORT DICKSON, March 12 (Bernama) -- The Indian community must give full support to the Barisan Nasional (BN) in the next general election to enable them secure a better future, said Deputy Information Communications and Culture Minister Datuk Maglin Dennis D'Cruz.

He said the BN government has a proven track record in spearheading development and preserving racial harmony and peace by safeguarding the interests of all communities for the past 54 years.

Hence, the Indian community should not make a mistake by choosing the opposition to form the government for it will have catastrophic consequences, he told Bernama after closing the 1Malaysia Healthy Community programme organised by the Special Affairs Department in Bukit Pelandok here last night.

"It is easy to change the government, but think of the risks involved. Do not be fooled by the opposition's promises and give full support to the BN in the coming general election.

"We must think rationally and maturely and do not be easily influenced by incitement and slander by certain quarters who are out to destroy the prosperity of our beloved country.

"From feedback received, we know that the support from the Indian community to the BN is steadily increasing, particularly in estates and rural areas," he added.

The 1Malaysia Healthy Community programme, which was aimed at raising awareness on healthy living, entailed free medical screening, a health awareness exhibition, a telematch, medical home visits and a cultural performance.
