KUALA LUMPUR, Feb 20 (Bernama) -- With the right investment strategies, prudent portfolio risk management and a positive attitude, investors can ride out times of market volatility to optimise returns, says Pacific Mutual Fund Bhd Executive Director and Chief Executive Officer, Gary Gan.

"There has been heavy portfolio reallocation activities over the past year for equities investing, with more investors opting for regular investing style over a diversified range of fund categories.

"Investors who stay resilient and stay in the hunt for profit-making activities have better tolerance to short-term volatile market behaviour and are in a good position to reap better longer-term investment results," he added.

Pacific Mutual on Monday received the award for the Best Equity Group Category Award and three other equity fund awards at The Edge-Lipper Malaysia Fund Awards 2012.

The Best Equity Group Award is for the third-consecutive year.
