KUALA LUMPUR, March 22 (Bernama) -- If the opposition is really sincere in championing the people's cause, it should use opportunities available to voice out its concerns over the Lynas Advanced Material Plant (Lamp) project.

Its boycott of the Parliamentary Select Committee (PSC) in relation to the project was a gimmick which only proved it did not take the people's plight seriously, said Rural and Regional Development Deputy Minister Datuk Hassan Malek.

"The opposition has never been satisfied with what the government has done. When we do not do this, they question us...when we did, they do not want to join.
