

Dr M to be discharged today
New Straits Times
19 April 2012

KUALA LUMPUR: Tun Dr Mahathir Mohamad, who had minor surgery to remove nasal polyps yesterday, is scheduled to be discharged from Universiti Kebangsaan Malaysia Medical Centre tomorrow.

According to a statement issued by his aides yesterday, the former prime minister was responding well to treatment and that doctors were happy with his progress.

"He is taking normal meals and is scheduled to be discharged tomorrow," it said.

The hour-long surgery, which began at 9.30am, was performed by a medical team led by Prof Dr Abdullah Sani Mohamed.

Visitation was limited to family members.

Meanwhile, Prime Minister Datuk Seri Najib Razak tweeted: "My prayers and well wishes go to Tun Dr Mahathir as he recovers from minor nasal polyps surgery."
