KUALA LUMPUR, May 13 (Bernama) -- The campaign against war and the criminalisation of war must continue because wars involved killing people, mostly the innocent, said former prime minister Tun Dr Mahathir Mohamad.

Dr Mahathir, who is also Kuala Lumpur Foundation to Criminalise War (KLFCW) chairman, said the public needed to support the foundation to fight in making war a crime.

"We must stop the massive killing that is called war," said the Perdana Global Peace Foundation (PGPF) president at the KLFCW's second Royal Charity Dinner here Sunday night.
