KUALA LUMPUR: MIC Youth will organise a nationwide concert tour to educate the people on Barisan Nasional's achievements, especially for the Indian community, said its head, T. Mohan.

"We will hold talks at the concerts regarding BN's involvement in helping the community until now and the upcoming plans so that the people will realise what we have been doing all this while.

"This concert would also be an avenue for people to come up to us with their problems.

"This concert is to get all the youths to come and enjoy and also get to know the fun part of MIC, incorporating politics and music.

"More than 20 groups of local singers will tour with us," said Mohan after the launch at the MIC Youth headquarters yesterday.

The two-week 'My Choice BN Concert Tour' would be held at 11 locations and will kick off on June 11 at Sungai Petani and end in Johor on June 24. Among the local Indian groups that will participate are Darkey, Lock Up and Chakra.
