KEPALA BATAS, Feb 24 (Bernama) -- Former prime minister Tun Abdullah Ahmad Badawi was conferred an honorary doctorate in environment health by Allianze University College of Medical Sciences (AUCMS) for his service and contribution in that field.

AUCMS president Prof Datuk Dr Zainuddin Wazir said the honorary doctorate was also in line with the openness of his administration as well as the introduction to the Islam Hadhari concept that placed the preservation of the environment as the main thrust.

"This award is most appropriate because at the AUCMS we truly appreciate the concept propagated by Tun (Abdullah) and one of our programmes is on environment health.

"The environment health programme trains officers on the management and protection of the environment and also creates awareness on the destruction that would occur if the the environment is neglected," he said.

The event was officiated by AUCMS chancellor Raja Puan Muda of Perlis Tuanku Lailatul Shahreen Akashah Khalil. Also present was the Raja Muda of Perlis, Tuanku Syed Faizuddin Putra Jamalullail.
