KOTA KINABALU, April 3 (Bernama) -- Barisan Nasional (BN) under the leadership of Prime Minister Datuk Seri Najib Tun Razak is on the right track to achieve the target which has been set out in the Government Transformation Programme (GTP), Chief Minister Datuk Seri Musa Aman said.

He said that the BN government, spurred by a strong political will, had been successful in implementing its transformation programmes for the benefit of the people.

"We see a lot of improvements, including in terms of reduction in the number of crimes, more development in urban as well as in rural areas, and better income for the people.

"These are all due to the efforts of the BN government as promised to the people," he told reporters after attending the handing over of RM51.5 million in dividend payment from state government-owned company, Sawit Kinabalu Group, to the state government Tuesday.

Musa was asked to comment on the launch of the 2012 GTP and ETP Annual Report by the prime minister in Kuala Lumpur yesterday which spelled out numerous successes achieved under the national transformation programme.
