

Dr M in hospital for minor surgery
The Malaysian Insider
April 17, 2012

KUALA LUMPUR, April 17 – Tun Dr Mahathir Mohamad underwent minor surgery to remove nasal polyps this morning at Pusat Perubatan Universiti Kebangsaan Malaysia (HUKM).

The surgery took about one hour beginning at 9.30am. The former Prime Minister is currently under observation in the normal ward and is expected to remain in the hospital for a few days, according to an aide.

Visitation is currently limited to family members.
