KUALA LUMPUR, May 2 (Bernama) -- Police will soon arrest participants who turned violent in last Saturday's rally, based on pictures taken and recordings made by several quarters obtained by them.

Bukit Aman Crime Investigation Department Director Datuk Seri Mohd Bakri Zinin said police would release the pictures of those who attacked the police and member of the public, as well as caused damage to property during the rally.

"We have their pictures and we will release to the media and the public soon to track them down," he told reporters at the Bukit Aman police headquarters here Wednesday.

In last Saturday's rally, participants at the rally had not only breached police barricades to enter Dataran Merdeka, but also a court order which prohibited the public from being in the area between April 28 and May 1.

The order was issued following a decision by Kuala Lumpur City Hall to not allow Dataran Merdeka to be used a venue for the gathering which was organised by a non-governmental organisation supported by the opposition.

The organiser was instead offered other places, including Merdeka Stadium, but it was turned down.

Kuala Lumpur Police Chief Datuk Mohmad Salleh said police had detained a man in Negeri Sembilan to assist investigations into an incident at the rally.
