

Government Receives Suggestions On Toll From Concessionaires For Study
Bernama
May 5, 2012

TAMPIN, May 5 (Bernama) -- The Works Ministry has received suggestions from highway concessionaires to find solutions to ease the burden of tolls for consumers.

Its minister Datuk Seri Shaziman Abu Mansor said the suggestions included removing or reducing toll charges at some highways and not increasing the rate at other highways for a certain period of time.

"Some tolls will be done away with while others will not have hikes for a specific period if the proposals are accepted.

"However, let us study the suggestions first. But, as I have said, the concession companies need to find ways to help the people and government without incurring loss themselves as they need to be responsible to their shareholders too," he told reporters here Saturday.
