KUALA LUMPUR, June 21 (Bernama) - Minister in the Prime Minister's Department Datuk Seri Mohamed Nazri Aziz says problems related to facilities and equipment for the media in parliament lobby will be resolved by September.

Among issues raised by the media action committee is the limited space for writing news, processing photographs or video, lack of seats, sockets and other facilities.

"I agreed to solve their problems by the next parliament session as the current session will end next week.

"I will direct my administrative head to take action. Anything you need, we will try to help," he said after receiving a memorandum from action committee spokesman Hazlan Zakaria from Malaysiakini in parliament.

The memorandum was signed by representatives of print media, electronic media and alternative media.
