KUALA LUMPUR: Former premier Tun Dr Mahathir Mohamad said that LGBTs were "not natural" for biological reasons.

"Men marrying men, women marrying women... It's not natural. Just imagine if we all indulge in that. No children. One generation and the whole human race is wiped out."

Speaking at a forum "Politics and Business: The Malaysian Connection" at a hotel here, Mahathir said that once you catered for a specific group such as the LGBT, others would follow suit and ask for more rights too.

"Now we have institutions for men and men, women and women. I want to see how many children they have," he said.
