

**BN Government Strives To Improve Quality Of Life**  
**Bernama**  
**July 08, 2012**

BUTTERWORTH, July 8 (Bernama) -- The Barisan Nasional (BN) government is constantly seeking ways to improve the quality of life for the next generation.

As such, the BN government should be given the mandate to lead the country to continue its efforts to develop Malaysia into high-income status by 2020, said Minister in the Prime Minister's Department Tan Sri Nor Mohamed Yakcop.

Expressing confidence the people would continue to support the BN government to enable it to further develop the country, he noted that the opposition would always try to prevent the BN leadership from doing the right thing for the people.

"Everytime the BN government sincerely intended to do the right thing (for the people), there will always be obstacles in the form of 'political mileage', to prevent the implementation of the programmes or projects," he said.

Nor Mohamed was speaking to reporters after launching the 'Well-being and Life-long Learning Programme 2012' in Telok Ayer Tawar here today.

Citing the listing of Felda Global Ventures Holdings, he said it was proof that the BN government would strive in bringing development to the people.
