

Guinea Interested In Implementing Felda Development Model
Bernama
June 28, 2012

SUNGKAI, June 28 (Bernama) -- The Republic of Guinea is interested in implementing Malaysia's Federal Land Development Authority (Felda) model.

Its President Alpha Conde expressed this after attending a briefing on Felda's operations at the Ladang Felda Besout 6 in Trolak near here Thursday.

Conde was so impressed with the briefing on the Felda development process that he asked whether the model was applicable and could be implemented in Guinea, and which Malaysian authorities were able to provide assistance for Guinea to implement it.

Conde's comments in French were translated into English by a translator of the visiting delegation. Conde is on a four-day working visit to Malaysia.

The briefing was delivered by Felda's training unit head, I.Rajindran.
