IPOH, July 30 (Bernama) -- The subsidy for clean water supply of 20 cubic metres for the poor in Perak would be continued, said Menteri Besar Datuk Seri Dr Zambry Abdul Kadir.

He said 9,642 households received the benefit since 2008 so that they could have a more comfortable life.

"A sum of RM2.9 milion has been allocated for the water subsidy over a period of five years," he said after chairing a meeting with the Perak Water Board (LAP), here, Monday.

On areas not having clean water supply yet, he said LAP was facing technical problems especially in isolated areas, besides land problem in installing the water pipes due to refusal of the land owners to allow the pipes to pass through their land.

He said LAP was holding discussions to solve the problems to ensure that every area with residents received clean water supply.
