KOTA BAHARU, Aug 11 (Bernama) -- The Kelantan People's Action Council (MTRK) has urged the Kelantan PAS government to take drastic action to resolve the worsening water woes.

Its president, Azmi Ali said Air Kelantan Sdn Bhd (AKSB) should repair the treatment plants and buy water to be supplied to residents experiencing shortage for one week.

"Delay in supply can lead to diseases as residents are resorting to water from rivers for drinking, washing clothes and bathing," he told reporters here today.

Azmi said the return of Kelantanese to celebrate Aidilfitri will add to the problem if the water supply problem is not resolved soon.

He thanked Prime Minister Datuk Seri Najib Tun Razak for responding positively to the memorandum sent by 14 non-governmental organisations (NGOs) during his visit to Kelantan last Sunday.
