TAMPARULI, Aug 26 (Bernama) -- The leadership of Prime Minister Datuk Seri Najib Tun Razak, the architect of the 1Malaysia concept and Government Transformation Programme introduced for the good and prosperity of the people, should no longer be disputed, said Sabah Chief Minister Datuk Seri Musa Aman.

In this regard, he agreed with the views of former prime ministers Tun Dr Mahathir Mohamad and Tun Abdullah Ahmad Badawi who praised Najib's leadership since helming the country's administration four years ago.

"We should all realise that (Najib) as prime minister, he is sensitive to the needs of the people and many projects and programmes have been introduced to improve the people's lot," Musa said when met at the Parti Bersatu Sabah (PBS) Aidilfitri open house at Dewan Tun Hamdan, here, Sunday.

Musa was earlier asked by reporters to comment on Dr Mahathir and Abdullah's views on the performance of Najib's administration.

Yesterday, Mahathir was quoted as saying that the Barisan Nasional government's position was getting stronger, while Abdullah commended Najib's leadership and the implementation of various transformation programmes to take Malaysia to greater heights.

Musa said: "We are now enjoying the result of the efforts taken and I believe the people appreciate these benefits.

"That is why we've seen that at any of our gathering or celebration, many people came and this showed their support for the BN government."

On DAP's suggestion for the drawing up of an anti-party hopping law, Musa dismissed it as a mere political gimmick.

"We don't believe in what they (DAP) are doing," he said.
