KOTA KINABALU, Oct 6 (Bernama) -- Sabah's economy continued to strengthen despite challenges including global economic slowdown, said Chief Minister Datuk Seri Musa Aman Saturday night.

He said the increase in foreign and domestic investments had boosted the state's economy and helped to support the government's holistic development strategies and programmes.

"The government is committed in managing state funds and resources prudently.

"The acknowledgement by the Auditor General on the state government's excellence in economic and financial management will spur us towards further distinction," he said at the state banquet in conjunction with Yang DiPertua Negeri Tun Juhar Mahiruddin's 59th birthday here.
