KUANTAN, Oct 8 (Bernama) -- Datuk Seri Najib Tun Razak said the 'Malaysian Way' policy advocated by previous leaders would be continued in an effort to turn Malaysia into a developed country by 2020.

The prime minister said the Malaysian Way succeeded in enhancing unity among various races and clearly had turned Malaysia into among the best countries in terms of multiracial unity.

"The Malaysia Way is different from other countries, among others, in fostering unity where previous leaders had been successful in retaining the culture, religion and education of all races," he said at the 27th anniversary celebration of the Pahang Federation of Chinese Associations (PFCA) here Sunday night.

Pahang Menteri Besar Datuk Seri Adnan Yaakob, Health Minister Datuk Seri Liow Tiong Lai, and PFCA president Tan Sri Pheng Yin Huah were present.

Najib said the policy was also capable of turning Malaysia into a developed nation by 2020.

"I will do what I can (the policy) as we want to see the country become developed by 2020," he said.

Najib said through the policy, Malaysia recorded many successes and robust growth without marginalizing any race, including minority group.

He said for example in education, Malaysia was the only country in the world which allowed Chinese education in schools.

Najib said opposition leader Datuk Seri Anwar Ibrahim had never championed Chinese education when he was the education minister.
