BERA, Feb 1 (Bernama) - Datuk Seri Najib Tun Razak has brought many changes to the wellbeing of the people although he has only been the prime minister for less than four years.

Domestic Trade, Cooperatives and Consumerism Minister Datuk Seri Ismail Sabri Yaacob said Najib had brought many changes and was concerned with problems faced by the people.

"We are confident that the people will continue to trust and support the prime minister by retaining the Barisan Nasional government in the 13th general election," he said when presenting 1Malaysia People's Aid (BR1M) for people in Bera parliamentary constituency in Kerayong, here Friday.

He said that BRIM for example, is a form of aid introduced by the prime minister to help the poor to reduce living cost and burden of their dependents.

"Besides BRIM, other aid given are for school and university students, 1Malaysia People's Housing, 1Malaysia People's Shop, 1Malaysia People's Clinic and many others.

Ismail said the people have the right to trust the leadership of the prime minister to continue to lead the country to achieve Vision 2020.

"Give the prime minister the support, trust and enough time to implement more changes in the interest of the people and country."

He urged the people to be rational and realise that the BN government was able to give them various aid despite the uncertain global economic situation.

The MP for Bera said despite giving RM20 billion fuel subsidies annually, the government was still able to channel allocation and funds for the people.
